

ENDLESSLY GREEN SHREDDER/CHOPPER

COMPACT. NOISELESS. PORTABLE.

Endlessly Green organic waste shredder / chopper is portable. It's compact. It's noiseless. It's the most suited food waste shredder/chopper for residential communities. It can shred/chop kitchen waste, bones and dry leaves, too. Shredding helps reduce the particle size of the waste to 8-10mm thickness which is ideal for composting at a faster pace. The volume is reduced by 25-33%, meaning you can fill that much more into your composter. Faster turnaround time. Lesser semi-composted chunks. Finer compost.

THE MOTOR

Three Phase AC induction motor
BHARAT BIJLEE/HAVELLS with
speed reduction gear box.
Available in 1.5 HP RPM-45, 2 HP
and 3 HP.
